

# VBM SERIES VIBRATORS

Since 1972 OMB is specialized in designing and manufacturing electric and pneumatic vibrators which meet the specifications required by most fields of application using vibrating equipment. The superior quality and reliability of the OMB vibrators are the result of over thirty-years of vast experience in addition to continuous and constant research and innovation. The most up-to-date training remains a constant in every level of our organisation.

VBM SERIES VIBRATOR has been realized for applications which require extremely compact overall dimensions.

## 1.PICTURE:

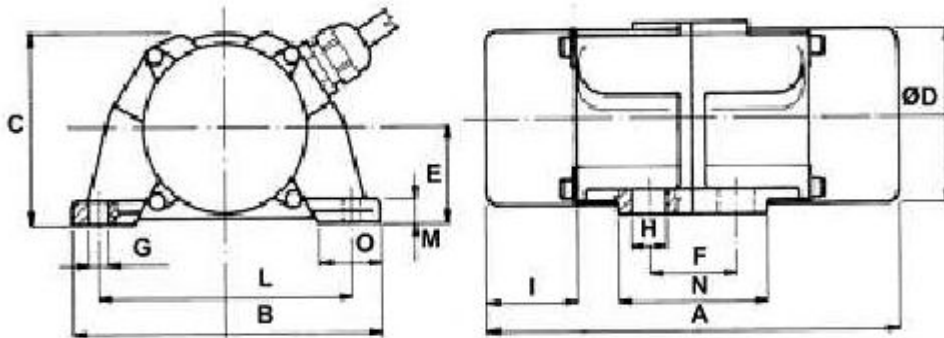

## 2.CHARACTERISTIC:

50/60HZ, single/three voltage input;  
Mechanical protection:IP65-7

On request:  
INOX end covers;  
Insulation: H

## 3.DIMENSIONS:

VBM2系列振动电机 50/60HZ, 单/三相, 尺寸	A	B	C	φD	E	F	G	H	I	L	M	N	O
	146	111	67	61	33	32	7	13	32	92	9	54	21

## 4.ELECTRIC FEATURES:

货号	型号	频率 HZ	RPM	激振力 N	重量KG	功率W	电流A	相数 PHASE
VEM2-0230T	VEM-2M	50	3000	0-216	1.6	25	0.15 (230V)	1
VEM2-0115U	VEM-2M	60	3600	0-314	1.6	30	0.25 (115V)	1
VEM2-0400A	VEM-2T	50	3000	0-216	1.6	24	0.14 (400V)	3
VEM2-0230O	VEM-2T	60	3600	0-314	1.6	42	0.29 (230V)	3
